

LING 102 - Applied Phonetics

Course Information

Instructor: Elise Bell [i. 'lis bɛʔ]  [Hear my name](#) [. \(https://www.name-coach.com/elise-bell\)](https://www.name-coach.com/elise-bell) (she/her)

Email: elisebell@ucla.edu (<mailto:elisebell@ucla.edu>)

Office: Campbell 2209

Drop-in hours: MW 12-2pm in person, or [make an appointment outside my drop-in hours](#)  [. \(https://calendar.app.google/xhabVraKJSuJEEVG6\)](https://calendar.app.google/xhabVraKJSuJEEVG6). In general, if my office door is all the way open, you're welcome to poke your head in.

TAs: **Lily Xu (1C, 1D)**

My name in IPA: ['lɪli ɤ̃]

Email: lilyokc@ucla.edu (<mailto:lilyokc@ucla.edu>)

[. \(mailto:elsol4@ucla.edu\)](mailto:elsol4@ucla.edu) Office hours: F 10-11am in Rolfe 1110 and T 3-4pm-2-3pm over [zoom](#)  [. \(https://ucla.zoom.us/j/6570947489\)](https://ucla.zoom.us/j/6570947489)

[Lily's TA site \(https://bruinlearn.ucla.edu/courses/178492/pages/lilys-ta-site\)](https://bruinlearn.ucla.edu/courses/178492/pages/lilys-ta-site)

John McGahay (1A, 1B) [dʒān mi'geɪhi]

Email: jmcgahay@g.ucla.edu (<mailto:jmcgahay@g.ucla.edu>)

Office hours: Thursday 1-2pm, 3-4pm in Rolfe 1110

[John's TA site \(https://bruinlearn.ucla.edu/courses/178492/pages/johns-ta-site\)](https://bruinlearn.ucla.edu/courses/178492/pages/johns-ta-site)

Jian-Leat Siah (grader for 1A and 1B) [dʒɛn. 'li:t]

Email: jsiah@g.ucla.edu (<mailto:jsiah@g.ucla.edu>)

Lecture: Kaplan 169 / Monday + Wednesday / 10:00am-11:50am

Sections: 1A: Public Affairs 2325 / Thursdays / 2-2:50 pm (John)

1B: Public Affairs 1284 / Fridays / 2-2:50 pm (John)

1C: Public Affairs 1329 / Fridays / 8-8:50 am (Lily)

1D: Public Affairs 1329 / Fridays / 9-9:50 am (Lily)

Prerequisites

LING 20 or equivalent

Course Materials

Required Textbook

Rogers, H. (2000). The Sounds of Language: An introduction to phonetics.

The textbook is available as a digital copy through the UCLA Bookstore's Inclusive Access program. It can be accessed via the UCLA Store Course Materials link on BruinLearn beginning on the first day of class or upon enrollment. The materials are being provided at a reduced and competitive price. You will receive emails from the UCLA Store with program details and the cost of participation sent directly to your email address on file with the Registrar. It is your responsibility to read all communication coming from the bookstore. Please check your spam folder if you have not heard from the bookstore regarding Inclusive Access.

Everyone enrolled in this course is automatically a participant in Inclusive Access to start, and will have access to the materials without charge through Week 2. Those remaining in the program after Week 2 will be billed for the materials directly to their BruinBill account and will continue to have access to the course materials. ***If you do not wish to participate in Inclusive Access, you must opt-out by the Friday of Week 2 deadline or you will be billed to your BruinBill account.*** If you opt-out, you will lose access to the digital materials and must obtain the required textbook on your own.

Do not pay for your textbook through the publisher website unless you have opted out of Inclusive Access.

Any questions regarding the Inclusive Access program can be directed to inclusiveaccess@asucla.ucla.edu (<mailto:inclusiveaccess@asucla.ucla.edu>).

Additional (optional) readings

Ladefoged, P. and K. Johnson (2014). A Course in Phonetics.

Catford, J. C. (1988) A Practical Introduction to Phonetics -- very helpful advice on making sounds

Pullum & Ladusaw (1996) Phonetic Symbol Guide 2nd edition

Ladefoged, P. (1996) Elements of Acoustic Phonetics (2nd edition) -- a helpful supplement to Ch. 8 in the text

Ladefoged, P. (2001) Vowel and Consonants: An introduction to the sounds of languages -- basically "Course in Phonetics Lite" plus material on computer speech

Course Website

The syllabus and quizzes are posted on the class website (BruinLearn). Lecture overviews and any materials for in-class activities will also be available in the relevant module. You will also find copies of handouts, slides, lecture recordings, links to useful sites, and resources for assignments and review. Announcements will be sent by email to the class list, so check your email regularly and make sure that the correct email address is listed on BruinLearn and myUCLA.

Learning Outcomes

This course is designed to familiarize you with the basic elements of phonetics and how to use the knowledge for a variety of purposes, like forensics, speech technology, speech therapy, and second language teaching/learning.

► [Learning outcomes list \(https://bruinlearn.ucla.edu/courses/178492/pages/surprise-number-2\)](https://bruinlearn.ucla.edu/courses/178492/pages/surprise-number-2)

Grading and Assignments

Grade Calculation

There is NO midterm exam for this course.

Participation in section and lecture	10%
Applied connections	5%
Final Exam	10%
HW assignments & transcription tasks	15%

Skills mastery

60%

Participation: The participation portion of your grade consists of small in-class activities/polls, exit tickets to be completed after lectures, and attendance + participation in discussion section. Participation in discussion section is evaluated based on your willingness to try new things, not your skill in doing so.

- Lecture attendance is expected, but not explicitly graded.
 - After attending lecture, you can complete the day's exit ticket (linked below) for 5 points (18 lectures * 5 points = max total 90 points). This must be completed the same calendar day as the lecture itself, after class has ended.
 - If you miss a day of lecture and the associated exit ticket, you can make up 5 points by viewing the recorded lecture and leaving a substantive comment on the associated discussion board. Must be completed within a week of the missed lecture. Does not double up with exit ticket points (you can earn one or the other for a particular lecture, but not both).
 - Discussion section attendance & participation is expected, and is graded (10 sections * 15 points possible = max total 150 points)
 - In-class activities (may include iClicker Cloud polls, worksheets, sign-ins, Google Docs, among others) are worth 5 points. They are not available every lecture, and some lectures may have more than one activity (maximum number of points TBD, but at least 50).
 - **This results in a total of at least 290 points available to you in the participation category**
- Final participation grades will be calculated out of 250 points.**

Applied connections: Five times during the quarter, you will submit a brief (2-3 paragraphs) writeup to a discussion board, connecting something from class to something you've observed in your daily life. This could be observations about your own speech, something from another of your classes, or something you saw online. More info and examples in class.

Final exam: A cumulative final exam will be given at the end of the quarter (online via BruinLearn). The exam will allow you to demonstrate the skills you have mastered throughout the quarter and provide opportunities for you to apply those skills to real-world scenarios.

Skills mastery: [Read about the skills mastery grading system for this class on BruinLearn.](https://bruinlearn.ucla.edu/courses/178492/pages/explanation-of-skills-grading-for-ling-102) (https://bruinlearn.ucla.edu/courses/178492/pages/explanation-of-skills-grading-for-ling-102) You will have many opportunities to demonstrate your mastery of course skills throughout the quarter, including:

- Weekly quizzes
 - Every week you will be able to demonstrate the skills you have learned in class by completing quizzes on BruinLearn. Quizzes are purposely short and should (individually) not take much time. Quizzes will not be re-opened after they are due.
 - When you miss a quiz, don't worry about it! New chances to demonstrate necessary skills will continue to be available through week 10.

- Once you have demonstrated mastery of a skill, you no longer need to complete quizzes for that skill (unless you want to use them for practice).
- HW assignments and transcription tasks
 - You will use the tools we learn in class (including phonetics software) to collect/analyze data and answer questions about your analysis.
 - You will transcribe speech in languages and/or dialects you do not speak (you will be given information about the sound system of the languages ahead of time).
- Final exam
 - The exam is your last opportunity to demonstrate any missing skills. The exam also contributes toward your final grade on its own, outside the skills mastery system.
- **Grading scheme** (<https://bruinlearn.ucla.edu/courses/178492/pages/surprise-number-3>)

Late Submissions

- Quizzes and the final exam will not be re-opened or accept late submissions.
- Submissions on homework assignments will be accepted without penalty for a week after the given deadline. Each additional day late will result in a 10% reduction in the assignment grade
 - For example: an assignment due Monday of week 2 can be turned in without penalty until Monday of week 3. If it is not submitted until Thursday of week 3 (three days late), the maximum possible score will be reduced to 70% of its original point value.
- Late submission of assignments will likely result in a delay in your grade being returned to you
- Transcription tasks generally take place during lecture, they cannot be made up or submitted late. If you have accommodations via CAE or you know you will be absent on a day when a transcription task is scheduled, contact Dr. Bell to discuss alternative arrangements at least one week prior to the scheduled task day.
- You do NOT have to ask ahead of time or provide documentation or any private health or family information in order to submit a homework assignment late, but if you want to make early arrangements for delayed submission because you know of a future conflict, please contact your TA.

Extra credit

You have the opportunity to earn **up to 2 extra credit points** by:

1) Participating in experiments through the Psychology Department Subject Pool. Serving as a subject in an experiment provides students with direct exposure to linguistic and psychological research. By participating in experiments, you will have the opportunity to contribute to on-going research at UCLA while getting an inside glimpse of how research studies are conducted.

- One credit is given for each hour of experiment participation. If you complete **one hour** of experiment(s), you will have **one point** added to your final grade at the end of the quarter.
- The posting and scheduling of experiments is handled via the Psychology Department Subject Pool system at <http://ucla.sona-systems.com/>  [_https://urldefense.proofpoint.com/v2/url?u=http-3A_ucla.sona-2Dsystems.com_&d=AwMFAg&c=Oo8bPJf7k7r_cPTz1JF7vEiFxfRfQtp-j14fFwh71U&r=9dGaaH3bXGyxzAB7RBA4L885wyfbWm2Dfhkrgvaaeg&m=PCNgzXUEYDZ_Vr4xl_OUj](https://urldefense.proofpoint.com/v2/url?u=http-3A_ucla.sona-2Dsystems.com_&d=AwMFAg&c=Oo8bPJf7k7r_cPTz1JF7vEiFxfRfQtp-j14fFwh71U&r=9dGaaH3bXGyxzAB7RBA4L885wyfbWm2Dfhkrgvaaeg&m=PCNgzXUEYDZ_Vr4xl_OUj). More information on how to use the system can be found at <http://www.psych.ucla.edu/undergraduate/subject-pool-experiment-participation>  [_https://urldefense.proofpoint.com/v2/url?u=http-3A_www.psych.ucla.edu_undergraduate_subject-2Dpool-2Dexperiment-2Dparticipation&d=AwMFAg&c=Oo8bPJf7k7r_cPTz1JF7vEiFxfRfQtp-j14fFwh71U&r=9dGaaH3bXGyxzAB7RBA4L885wyfbWm2Dfhkrgvaaeg&m=PCNgzXUEYDZ_Vr4xl_OUj](https://urldefense.proofpoint.com/v2/url?u=http-3A_www.psych.ucla.edu_undergraduate_subject-2Dpool-2Dexperiment-2Dparticipation&d=AwMFAg&c=Oo8bPJf7k7r_cPTz1JF7vEiFxfRfQtp-j14fFwh71U&r=9dGaaH3bXGyxzAB7RBA4L885wyfbWm2Dfhkrgvaaeg&m=PCNgzXUEYDZ_Vr4xl_OUj).
- Failing to attend a study you have signed up for without notifying the experimenter may result in negative consequences for your ability to sign up for other SONA studies in the future (plus, it's just rude).
- Before signing up for experiments, you **MUST** select the course for which you want your experiment credits to count. If you don't select this course, your credits will not count toward this course. **All experiments for the quarter must be completed by Thursday of Week 10.**

2) Planning and leading a practice/review session for your classmates. If you're interested in this route to earn extra credit, please talk to Dr. Bell first to discuss before you schedule a study session for your classmates.

- **One point** is given for **each study session** you plan and host (max 2)

Class expectations

I expect you to take advantage of the opportunities that this course offers you by being an active and thoughtful participant in all sections and lectures, by coming to lecture and section prepared, and by trying your best on the various elements of the course. I expect you to take ownership of your learning and to reach out to me or your TA if you are struggling or have concerns. I expect you to take the opportunity to learn from your peers through activities in lecture and section, and I expect you to be respectful and courteous to one another. Finally, I expect you to hold yourself to the highest standards for academic honesty and integrity in your work.

Develop a "Growth" Mindset

If you are unfamiliar with the terms “fixed mindset” and “growth mindset” I strongly suggest you take a few minutes to [watch Carol Dweck](#) (<https://bruinlearn.ucla.edu/courses/178492/pages/surprise-number-1>), a researcher from Stanford University, highlight the huge difference a shift in your mindset can make on your success. If you receive a bad grade on assessment do you believe it is because you are not good at the subject? Or do you see it as an indication that you need to keep working to do better next time?

This is just one small example, but you can absolutely change your mindset and approach challenges and successes to benefit your learning. I believe that all students with the necessary prerequisites have the ability to be successful in this course, and that failures or challenges encountered along the way are best viewed as learning opportunities. As you undertake this class, please consider what you need to do to develop a growth mindset, and approach all course activities and assessments accordingly.

Rules and regulations

- Instructions for assignments will be given in class and posted on the class website. Due dates will be posted on the course website.
- **You** are ultimately responsible for keeping track of due dates for quizzes, transcription tasks, and assignments.
- Any suspected case of plagiarism or cheating will be reported directly to the Dean of Students. You are responsible for knowing and following UCLA's policies on academic integrity: https://deanofstudents.ucla.edu/individual-student-code#c_prohibited_behavior (https://deanofstudents.ucla.edu/individual-student-code#c_prohibited_behavior).
- Grading may be done on a curve (median in upper B+ range).^[1]
- Grades will be changed only in the case of clerical or arithmetic errors. If you think you received a grade in error, you may email your TA to request that it be re-graded. Under no circumstances will you be penalized for requesting that we double-check a grade.

^[1] What do I mean by “may be done on a curve”? I mean that in the event that student grades on an assignment are lower than expected across the board, all grades may be raised to result in a normal distribution. Your grade will never go down in my class due to this type of modification. If I decide to curve grades on a small points item, I will most likely use a square root curve. If I determine that it's necessary to apply a curve to *final* grades, it will most likely be based on a linear distribution. If you want to learn more about what I mean by this, or what else your professors might mean when they say “grading on a curve”, I recommend this write-up:

<https://compsci.rocks/curve-grades/> ➔ <https://compsci.rocks/curve-grades/>).

COVID-19 Instructions - in-person learning

Ensuring a safer campus depends on each of us following the latest UCLA health and safety guidelines. While campus policies must be modified to address changing local, state, and national orders and guidance, the most current information is available at [covid-19.ucla.edu \(https://covid-19.ucla.edu/\)](https://covid-19.ucla.edu/). I am happy to support students who are complying with the requirement to remain away from campus while potentially contagious or feeling ill. Contact us if you need to stay home, and we will discuss alternative arrangements for you to attend class virtually and/or access class recordings/notes.

University Policies

Academic Integrity

UCLA is a community of scholars. In this community, all members including faculty, staff and students alike are responsible for maintaining standards of academic honesty. As a student and member of the University community, you are here to get an education and are, therefore, expected to demonstrate integrity in your academic endeavors. You are evaluated on your own merits. Cheating, plagiarism, collaborative work, multiple submissions without the permission of the professor, or other kinds of academic dishonesty are considered unacceptable behavior and will result in formal disciplinary proceedings usually resulting in suspension or dismissal. See the [Dean of Students website \(https://deanofstudents.ucla.edu/\)](https://deanofstudents.ucla.edu/) for more information.

[source: Dean of Students syllabus statement ([syllabus \(https://deanofstudents.ucla.edu/file/4b995724-f033-476a-bccc-f6103528d959\)](https://deanofstudents.ucla.edu/file/4b995724-f033-476a-bccc-f6103528d959))]

Accommodations for Students with Disabilities:

If you have a chronic condition that affects your ability to work or take exams, bring this to our attention early, and consider getting an accommodation. Visit the CAE website for more information: [https://www.cae.ucla.edu \(https://www.cae.ucla.edu/\)](https://www.cae.ucla.edu/). If you are already registered with the Center for Accessible Education (CAE), please request your Letter of Accommodation in the Student Portal. If you are seeking registration with the CAE, please submit your request for accommodations via the CAE website. Students with disabilities requiring academic accommodations should submit their request for accommodations as soon as possible, as it may take up to two weeks to review the request. For more information, please visit the [CAE website \(http://www.cae.ucla.edu/\)](http://www.cae.ucla.edu/), visit the CAE at A255 Murphy Hall, or contact us by phone at (310) 825-1501.

[source: Center for Accessible Education]

Title IX

Advocacy and Confidential Services

Please note that Title IX prohibits gender discrimination, including sexual harassment, domestic and dating violence, sexual assault, and stalking. If you have experienced sexual harassment or sexual violence, you can receive confidential support and advocacy at the CARE Advocacy Office for Sexual and Gender-Based Violence, 205 Covell Commons, Los Angeles, CA, 90095, care@careprogram.ucla.edu, (310) 206-2465. Counseling and Psychological Services (CAPS) provides confidential counseling to all students and can be reached 24/7 at (310) 825-0768.

Reporting and Non-confidential Services

Your professor is required under the UC Policy on Sexual Violence and Sexual Harassment to inform the Title IX Coordinator should they become aware that you or any other student has experienced sexual violence or sexual harassment. In addition, you can also report sexual violence or sexual harassment directly to the University's Title IX Coordinator, 2255 Murphy Hall, titleix@equity.ucla.edu, (310) 206-3417. Reports to law enforcement can be made to UCPD at (310) 825-1491.

Computer misuse (UCLA Student Conduct Code 102.05)

Theft or abuse of University computers or other University electronic resources such as computer and electronic communications facilities, systems, and services. Abuses include, but are not limited to, unauthorized entry, use, transfer, or tampering with the communications of others; use of either software or physical devices to enroll in classes for yourself or on behalf of others using processes other than those specifically delineated by the UCLA Registrar's Office; interference with the work of others or with the operation of a computer or electronic communications facilities, systems, or services; or violations of copyright laws, whether by theft, **unauthorized sharing or other misuse of copyrighted materials** such as music, movies, software, photos or text.

Student Resources

Mental Health

I understand that depression, anxiety, and other challenges can make keeping up with school work and every day life very difficult. I hope you're not struggling with your mental health, but if you are, you are not alone, and there are resources available to help you. Please visit [Counseling & Psychological Services \(https://counseling.ucla.edu/\)](https://counseling.ucla.edu/) or these [other UCLA resources \(https://counseling.ucla.edu/services/are-you-in-a-crisis/\)](https://counseling.ucla.edu/services/are-you-in-a-crisis/) for support. [Meditation and mindfulness resources](https://www.uclahealth.org/marc/mindful-meditations) [↗\(https://www.uclahealth.org/marc/mindful-meditations\)](https://www.uclahealth.org/marc/mindful-meditations) may also be helpful (available in a number of languages). If you are concerned about a friend, classmate, or other member of the UCLA community, please [let a professional know \(https://counseling.ucla.edu/concerned-about-a-bruin/concerned-about-a-bruin/\)](https://counseling.ucla.edu/concerned-about-a-bruin/concerned-about-a-bruin/) (you can do so anonymously).

Another helpful and non-judgmental resource is the [Warmline \(https://www.mentalhealthsf.org/peer-run-warmline/\)](https://www.mentalhealthsf.org/peer-run-warmline/), run by the Mental Health Association of San Francisco. You can contact the Warmline 24/7 to speak to or text with a peer counselor and get nondiscriminatory mental and emotional support.

► [Additional links and information about support and resources \(https://bruinlearn.ucla.edu/courses/178492/pages/surprise-number-4\)](https://bruinlearn.ucla.edu/courses/178492/pages/surprise-number-4)

Emergency Preparedness

In the event of an emergency, call (or text, if you are deaf or hard of hearing) 9-1-1 or press "PUSH TO TALK" on any Emergency Reporting System Telephones throughout campus (if you are unable to speak, tap the two-way speaker continuously). Be sure you've signed up for BruinAlert to receive emergency notifications. There's also a [Bruins Safe app \(https://www.bso.ucla.edu/bruins-safe-apps\)](https://www.bso.ucla.edu/bruins-safe-apps) and [website \(https://www.bso.ucla.edu/\)](https://www.bso.ucla.edu/) for important safety information.

If you need assistance during an evacuation, please let me know and we'll work out a plan to ensure your safety.

Please talk to us if any personal situation arises during the quarter that may affect your performance in class. We can't help unless you let us know that there's an issue. The earlier you ask, the sooner we will be able to help.

Thank you for reading the syllabus! If you found all the secret words, you can [take this quiz and earn a small amount of \(extra\) extra credit by completing all the questions and submitting all 4 secret words correctly. \(https://bruinlearn.ucla.edu/courses/178492/quizzes/1001625\)](https://bruinlearn.ucla.edu/courses/178492/quizzes/1001625)
